Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on April 11, 2005 has been entered.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: the examiner has considered the IDS filed with a Request for Continued Examination, on April 11, 2005. The references cited on said IDS neither anticipate nor render the claimed invention obvious; as such, the instant claims are allowed for the reasons already set forth in a Notice of Allowance mailed to applicants on January 10, 2005, and specifically, because the closest prior art of record fails to teach or fairly suggest an aldol condensation of an aldehyde and a ketone, wherein the reaction is conducted in the presence of no more than 6% water in the reaction mixture, i.e., *during the reaction*, as claimed herein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sikarl A. Witherspoon whose telephone number is 571-272-0649. The examiner can normally be reached on M-F 8:30-6:30.
